2023-2024 Before & After School Program
Program Closure Form

If the Watervliet City School District closes at regular dismissal time, but they cancel their after-school activities the Watervliet Civic Center will not operate our After School Program. The Watervliet Civic Center will implement the following procedures to ensure children are safely released. Please note that regular dismissal time will be approximately 2:00 PM for Pre-K children and 3:15 PM for children in Kindergarten to 5th Grade and approximately 2:20 PM for 6th Grade.

- The Watervliet Civic Center will utilize our automated message system to send a detailed automated recording about the program closure to your phone. Since this is the way we will notify you of any program closures, it is important that every family is signed up for the automated system. Please make sure you update us immediately any time telephone numbers and other contact information changes.
- Program closure will also be posted on the Watervliet City School District's website; www.watervlietcityschools.org
- The Watervliet City School District has a web-based messaging system called One Call Now. This system notifies parents via phone, email and text message of important district news and information, including school closings, delays and/or early dismissals. One Call Now automatically integrates contact information including phone numbers and email addresses from the district's management system, e-Schools Data, for parents/guardians of every student enrolled in Watervliet schools.
- It will be the responsibility of the parent to make sure that their child arrives home safely.
- Parents have the option of having their child walk home, picked-up by individuals listed on the pick-up list or take the bus home.
- **Please check one of the options listed below**.

_____ My child will be picked-up by one of the individuals listed below.

Name	Telephone Number

_____My child is allowed to take the bus home. Please include bus #:_____
Your child must be registered in the transportation department if you choose this option.

I have read the program closure form and I am aware of the procedures that must be followed in the event that there is no Watervliet Civic Center After School Program.

- Epinephrine dose: ☐ 0.1 mg IM ☐ 0.15 mg IM ☐ 0.3 mg IM

ADMINISTRATION AND SAFETY INFORMATION FOR EPINEPHRINE AUTO-INJECTORS

When administering an epinephrine auto-injector follow these guidelines:

- Do not put your thumb, fingers or hand over the tip of the auto-injector or inject into any body part other than the mid-outer thigh. If a staff member is accidentally injected, they should seek medical attention at the nearest emergency room.
- If administering an auto-injector to a young child, hold their leg firmly in place before and during injection to prevent injuries.
- Epinephrine can be injected through clothing if needed.
- Call 911 immediately after injection.

STORAGE OF EPINEPHRINE AUTO-INJECTORS

- All medication will be kept in its original labeled container.
- Medication must be kept in a clean area that is inaccessible to children.
- All staff must have an awareness of where the child's medication is stored.
- Note any medications, such as epinephrine auto-injectors, that may be stored in a different area.
- Explain here where medication will be stored:

MAT/EMAT CERTIFIED PROGRAMS ONLY

Only staff listed in the program's Health Care Plan as medication administrant(s) can administer the following medications. Staff must be at least 18 years old and have first aid and CPR certificates that cover all ages of children in care.

- Antihistamine brand or generic:
- Antihistamine dose:
- Other (e.g., inhaler-bronchodilator if wheezing):

***Note: Do not depend on antihistamines or inhalers (bronchodilators) to treat a severe reaction. USE EPINEPHRINE.**

STORAGE OF INHALERS, ANTIHISTAMINES, BRONCHODILATOR

INDIVIDUAL HEALTH CARE PLAN FOR A CHILD WITH SPECIAL HEALTH CARE NEEDS

You may use this form or an approved equivalent to document an individual health care plan developed for a child with special health care needs.

A child with a special health care need means a child who has a chronic physical, developmental, behavioral or emotional condition expected to last 12 months or more and who requires health and related services of a type or amount beyond that required by children generally.

Working in collaboration with the child's parent and child's health care provider, the program has developed the following health care plan to meet the individual needs of:

CHILD NAME:	CHILD DATE OF BIRTH: / /
NAME OF THE CHILD'S HEALTH CARE PROVIDER:	☐ Physician ☐ Physician Assistant ☐ Nurse Practitioner

Describe the special health care needs of this child and the plan of care as identified by the parent and the child's health care provider. This should include information completed on the medical statement at the time of enrollment or information shared post enrollment.

Identify the caregiver(s) who will provide care to this child with special health care needs:

Caregiver's Name	Credentials or Professional License Information (if applicable)

NEW YORK STATE
OFFICE OF CHILDREN AND FAMILY SERVICES

INDIVIDUAL HEALTH CARE PLAN FOR A CHILD WITH SPECIAL HEALTH CARE NEEDS

Describe any additional training, procedures or competencies the caregiver identified will need to carry out the health care plan for the child with special health care needs as identified by the child's parent and/or the child's health care provider. This should include information completed on the medical statement at the time of enrollment or information shared post enrollment. In addition, describe how this additional training and competency will be achieved including who will provide this training.

This plan was developed in close collaboration with the child's parent and the child's health care provider. The caregivers identified to provide all treatments and administer medication to the child listed in the specialized individual health care plan are familiar with the child care regulations and have received any additional training needed and have demonstrated competency to administer such treatment and medication in accordance with the plan identified.
